At least 10 years service life 1% repair rate within 10 years

bada[®]

23 YEARS PROFESSIONAL TOP MANUFACTURER

BDDR-400V Detailed parameters:

BDDR-400V AUTOMATIC ELECTROFUSION WELDING

MACHINE

Our advantage:

1. Support barcode scanning, one-key welding advantage.
2. Support printer output.
3. Safe and reliable, light weight, small size, moisture-proof and shock-proof.
The ambient temperature is -10~+40 degrees Celsius, and the skin is firm.

Model		BDDR-400V AUTOMATIC ELECTROFUSION WELDING MACHINE
Welding range(mm)	All 39.5V pipe fittings	
Working Voltage	220V,50Hz	
Constant voltage/output voltage	Valid value 10V~50V	
Constant current/output current	Valid value 5A~60A	
Maximum Output Power	4.0KW	
Ambient Temperature	-15~+50℃	
Time Accuracy	0.1%	
Output Voltage Accuracy	1%	
Welding record storage	6 segmens × 250 records	
Packing box	one	
Box size	51*40*38cm	
Gross weight	25kgs

Brief introduction of BDDR-400V **AUTOMATIC ELECTROFUSION**

WELDING MACHINE

- 1.This equipment is a fully automatic welding machine for electrofusion connection of PE/PP and other pipes and accessories, and is compatible with the connection requirements of steel frame plastic pipes.
- 2.The control board adopts the effective value (imported special chip) for detection and control, and the control accuracy is not affected by the change of the grid voltage.
- 3.The signal detection channel is fully adjusted and digitally calibrated by the digital potentiometer. Completely eliminate the impact of transportation vibration
- 4.Barcode scanning input, soft start automatic detection, can realize 6-segment welding, store field data, 6-segment can store 250 welding records respectively, USB interface
- 5.Light weight, small size, moisture-proof and shock-proof

1. High - level MCU is used as control core, with abundant parameter setting, measuring and perfect protective function.
2. Wide power supply and voltage input, suitable for filed electrical network level.
3. High precision control of electrical stability and time, insuring welding quality.
4. Swift output response time when power supply breaks, high satbility.
5. Many programmable welding functions, suitable for welding requirment for various fittings.
6. Flexible welding parameter input mode; manual input through keyboard or bar cod scanning input.
7. Smart Gas, Colud welding is available.

Why choose us:

- 1) Advanced laboratory
- 2) Mature fusion welding technology
- 3) Spare parts warehousing quality inspection, inspection during the production process, complete machine inspection and commissioning before delivery.
- 4) Cooperate with well-known universities, participate in the drafting of GB national standard, provide training for fusion welding technicians at home and abroad, and support free online video guidance.
- 5) Sufficient spare parts inventory, short delivery time, less than 50 sets, delivery time 7-10 working days, in line with ROHS 2.0 standard.

 Order No. : IN-QD-5305-160044

VERIFICATION OF COMPLIANCE

Product Name : Electro Fusion Welding Machine
Representative Model : BDDR400V
Series Model(s) : BDDR400V
Applicant : Jinan BADA Plastic Pipe Welding Equipment Co., Ltd
Address of Applicant : Shidal headquarter base, D 5-101 Jinan city, shandong province, China
TCF Number : IN-QD-5305-160044
Valid Until : Aug 1, 2022
Applicable Standards : EN ISO 12100:2010, EN 60204-1:2006+A1:2009
Declaration : In the Opinion of SGS the Submitted Technical File IN-QD-5305-160044 Satisfies the Requirements of the Machinery Directive 2006/42/EC Annex-VII.

Conclusion
 Based upon a review of the worksheet and the Technical Construction File, the apparatus is deemed to meet the requirements of the above standards and hence fulfils the requirements of:

Machinery Directive 2006/42/EC

Note: This certificate is only valid for the equipment and configuration described and in conjunction with the technical data detailed above.
 The CE mark as shown below can be used under the responsibility of the manufacturer, after completion of an EC Declaration of Conformity and compliance with all relevant EC Directives.

CERTIFICATE OF CONFORMITY QUALITY MANAGEMENT SYSTEM CERTIFICATION

NO. 10414Q21454R0S

This is to certify that the Quality Management System of

JINAN BADA PLASTIC PIPE WELDING EQUIPMENT CO., LTD.

(Add.: No.90 Sushan Road, Tianqiao District, Jinan City, Shandong Province Organization Code: 69745127-3 Postal Code: 250000)

is in conformity with:

GB/T 19001-2008 / ISO 9001:2008

This system is valid to:

*** DESIGNING, PRODUCING AND SERVICE OF PLASTIC PIPE WELDING EQUIPMENTS (PLASTIC PIPE BUTT WELDING MACHINE, ELECTROFUSION WELDING MACHINE) ***

Further clarifications regarding the scope of this certificate and the applicability of GB/T19001-2008 / ISO9001:2008 requirements may be obtained by this body organization. Certificate in the state regulations administrative license, qualification, mandatory product certification received within the validity period and the normal annual review of the case effectively. This certificate information is available on the official website of the agency and Certification & Accreditation Administration of the People's Republic of China (www.cnca.gov.cn).
